>>> COMPANY PROFILE <<<

China Sealine Company Limited is engaged in research, development, manufacture and selling in various kinds of Engine, Generator, Water Pump, Building machinery. The company with 10,000 square meters workshop and employs more than 100 staff workers. It operates an advanced production line with whole set of inspection and testing equipment and a yearly capacity of 200,000 sets of machines. The company get through EPA, CE, SONCAP, GS, ROHS and ISO9001 Certificate.

"Reputation is the first, Consumers are GOD" is our persistent working tenet. We serve the consumers with high quality, reasonable price, perfect service and flexible working way.

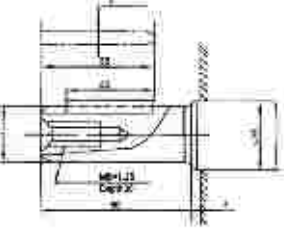

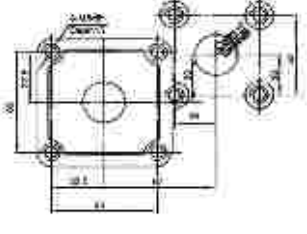

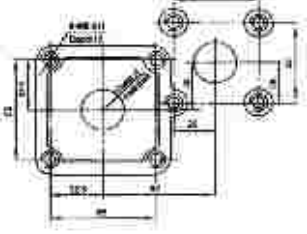

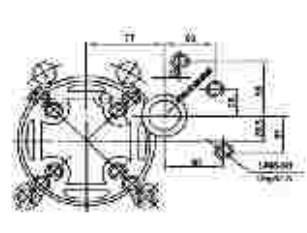

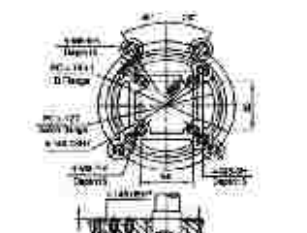

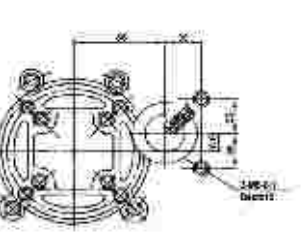

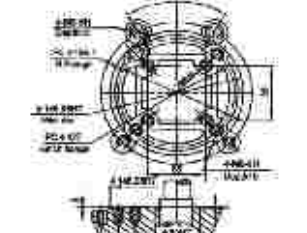

We warmly welcome customers to contact us for more information about our products and services. We are looking forward to your kind enquires and comments on our website at any time with your pleasure.

	Dimension(L×W×H)(mm)尺寸	680×415×540
	Net Weight(kg)净重	32

Characteristics:
1) 6mm×8m(25ft) steel braid high-pressure hose,22×1.5 in
2) Professional trigger gun with quick disconnect nozzles,spray patterns 0° , 25° , 45°and soap.
3) 5.5hp Gasoline engine with low oil protection
4)Pressure gauge options.

LIGHT TOWER SERIES
移动灯塔 <<<

- Quality Features:
- * Four 1000 watt lamps provide maximum illumination.
 - * Telescopic, mechanical, 2 stages mast up to 4.8 meters.
 - * Mast with self-locking makes work safer.
 - * Installed with 5KW diesel generator,the light tower works with convenient power supply.
 - * Quiet,dependable diesel engine provide flicker free operation.
 - * Manual winch for raising and lowering mast.
 - * Applicable for the situation that the illumination needs to be changed at any time,expecially disaster relief,large assemblies,engineering repair,wharf and air port.
